

ANALYTICAL RELEASE

Copper Tripeptide-1

GHK-Cu · Lyophilized powder · 1 g · Research use only

BATCH NUMBER

RC0302-260402

Product name	Copper Tripeptide-1	Production date	18 Apr 2026
Project reference	U495NXAZG0	Retest date	17 Apr 2028
Order number	U495NXAZG0-2	Report date	09 Jul 2026
Theoretical MW	340.19	Storage condition	-25 °C to -15 °C

ANALYTICAL RESULTS

Full analyses · Copper Tripeptide-1 specification & SOP for testing

TEST ITEM	SPECIFICATION	RESULT	VERDICT
Appearance	Blue powder	Blue powder	PASS
Molecular weight	Theoretical MW $\pm$ 1.0 Da	340.3 Da	PASS
Purity (HPLC)	$\geq$ 95.0 %	99.7 %	PASS

CONCLUSION

This batch has been tested against the Copper Tripeptide-1 specification and standard operating procedure for testing. All results conform to the stated acceptance criteria and the batch is released for research use.

REMARKS

For research use only. Not for human or veterinary consumption.
